<b>Event Organizer / Coordinator</b>  Faculty Name / Department / Designation	Dr.Prasath S.  Associate Professor  Dept.of Biomedical Engineering		
<b>Expenditure</b>	4500		
<b>Objective (100 letters only)</b>	The main objectives of these session is to mentoring the Students and faculty members in the Entrepreneurship goals to set by someone who has started a business. These goals are either for the business or for the entrepreneur. They give the entrepreneur something to work toward, which helps them make decisions while they are creating their business. Specific goals also help an entrepreneur track their progress. Develop a business plan, Launch your first product, Create an online presence, Achieve financial stability, Hire the right people.		
<b>Benefits in terms of learning/skill/Knowledge obtained ( 150 letters only)</b>	Knowledge on Entrepreneurial education aims at incubating young learners in a way that they are able to use their mental abilities and acquire the experience for handling real-world challenges. Instead of cocooning students and discouraging exposure to the world of business, this priority integration of business schools would enable school students hailing from different socio-economic backgrounds to have an equal access to creative and out-of-the-box thinking, and taking a shot at entrepreneurship in the future. All learners feel equally empowered, and are encouraged to test their thoughts and interpersonal skills in a way that would eventually create a major economic stimulation. For instance, in the current system, perhaps one out of ten students would contemplate entrepreneurship at the middle-school level. However, if the development of an entrepreneurial mindset is made a part of the curriculum, then perhaps all ten would be inclined towards it. Eventually, there would be a much larger percentage of those who would actually go on to create economic opportunities for themselves and many others.		

## **Report:**

Ganesan Incubation and Entrepreneurship Centre in association with Institution Innovation Council (IIC) organized a session on “Accelerator/ Incubation - Opportunities for Students & Faculties- Early Stage Entrepreneurs” on 16.08.2023 at GIEC

Dr. Mohamed Adil A.A CEO,GIEC conducted the session by presenting the different opportunities presently available to the students and faculty members

Dr.L.Prabhu, Vice Principal (Admin) welcome chief guests and the gathering, and also the he express new ideas and concepts related to entrepreneurship.

The session gave an insight on the opportunities for students and Incubates to get to interact with the people who are associated with the top investors and also gave an idea about presenting the proper pitch deck with different funding related to entrepreneurship.
