DEPARTMENT OF PHARMACEUTICAL ENGINEERING

INTERNSHIP REPORT

HIBROW HEALTHCARE PRIVATE LIMITED

The Pharmaceutical Engineering Department continually fosters hands-on learning among its students by offering them summer internships that help them prepare themselves for the working world

The Department of Pharmaceutical Engineering of AVIT is extremely appreciative to Hibrow Healthcare Pvt. Ltd. for offering the students a 10-day internship from 28/5/24-7/6/2. For an in-depth understanding that is unique to the company mission, the students were given the opportunity to visualise and engage in hands-on learning in a variety of departments, including the analytical department, research, quality control (QC), quality assurance (QA), engineering, and the production unit. The students were able to become familiar with the real-world applications of their theoretical knowledge owing to the practical experience.
