DEPARTMENT OF PHARMACEUTICAL ENGINEERING

REPORT ON INDUSTRIAL VISIT

PHYTO SPECIALITIES PVT. LTD

The department of pharmaceutical Engineering, AVIT has organized an industrial visit to Phyto specialities Pvt. Ltd located at Porur on 16th July 2024. Two faculty members and twenty-one students took part in the visit. Pharmaceuticals made from plants present a viable path towards creating safe, efficient, and environmentally friendly treatments; as such, they will play a crucial role in both modern-day and future healthcare systems. As the outcome, the department offered students the chance to acquire knowledge about the manufacturing process of plant pharmaceuticals. Phyto Specialities Pvt. Ltd. Is engaged in the manufacturing, capsules, tablets, creams and syrups like nutritional supplement for diabetics and hypertensives, Diabetic care, Women's' reproductive health, Joint health, wound care, Bone health, Immunity, Pain/Inflammation and Skin care. Gaining useful knowledge, comprehending business procedures, and honing skills that would help them in their academic and professional endeavors were all made possible by this visit. The Managing director, Mr. G. Mohamed Arif, spoke with the pupils and addressed all of their enquiries. The students were pleased to have such an intimate glimpse at the drug's manufacturing process.
