Report on “Professional Etiquette, Effective Communication and Quality Analysis”

Date: 02.06.2021 Time: 11.00am Webinar Platform: Microsoft Teams

The Department of Electrical and Electronics Engineering and Institution of Engineers India jointly organized a webinar on “Professional Etiquette, Effective Communication and Quality Analysis”. The session was handled by Dr. Kabilan Kadhivelu, AP/IT, SSN College of Engineering, Chennai.

It was a session about Life skill, Etiquette, Need for quality and Measure of quality. He emphasized the quote on how “None is mastered in a single day”. He spoke about developing the Life skills like Positivity, Adaptability and Effective managing which are essential to help us to stay physically, emotionally and mentally healthy. And also gave tips to improve self esteem, communication skills and decision making ability. The resource person shared about Professional and Personal Etiquettes that are required for career development, success,

Motivational Theory – Maslow model

Etiquettes – Where it is required...?

- It is required for Career Success.
- It Builds leadership quality in one's personality.
- It refines skills needed for exceptional service
- It enlightens one's potential.
- It creates an impression.

leadership quality, enlighten one's potential and to create an impression. The session ended well and was very useful to the participants to improve their interpersonal and professional skills. The webinar was attended by the Faculty members and students of the Electrical and Electronics Engineering department.
