Report on International Webinar on Intermittent Technologies in Renewable Energy

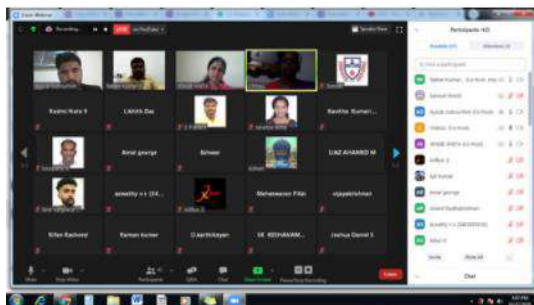

Date: 27-10-2020

Time: 3.00 P.M

Webinar Platform: Zoom

The Department of Electrical and Electronics Engineering of Aarupadai Veedu Institute of Technology organized an International Webinar on “Intermittent Technologies in Renewable Energy”. The Guest Speaker of the day was Mr. Ayoub Oubourhim, Energy Engineer, Ministry of Energy Mining and Environment, Morocco. The inaugural address was delivered by Dr.L.Chitra, HoD/EEE.

After a brief introduction about the guest, the session was taken over by Mr. Ayoub Oubourhim. He started the session briefing about the basics of Renewable Energy and the need to switch to Renewable energy from Conventional sources of energy. He then in detail, described about the various types renewable energy and its sources and the technology to generate it.

There were about 104 participants from EEE, Mechatronics and SAE. The students were interactive and had their doubts clarified. The session was very useful to all the participants and was concluded with a vote of thanks proposed by Mr.V. Rattan Kumar, AP(II)/EEE.
