**Report – Workshop on “RF & Microwave Circuits”**

Department of Electronics & Communication Engineering & Biomedical engineering of Aarupadai Veedu Institute of Technology organized a Workshop on “RF & Microwave Circuits” on October 15, 2018. Prof Dr.L.K.Hema, HOD/ECE delivered the Welcome address. Dr.S.A.V.Satya Murty, Director (ETR), VMRF has delivered Special address. He highlighted the importance of RF and its application in the perspective of design of smart antennas for various strategic applications. Prof. D. Vijendra Babu, Vice Principal (Academic) felicitated the function and Ms. R. Mohana Priya, Asst Prof. (Gr II), has introduced the chief guest of the function Shri.T.Jayanandan, Founder, Tesla Minds, Chennai .The Chief guest Shri.T.Jayanandan has delivered the lecture on RF & Microwave Circuits in present scenario and also handled the practical session on antenna design. He has motivated the students to involve themselves in Antenna Design. Student participants are III year ECE department. They gained the knowledge in the design of antennas used in RF industry for various applications.
