

**VINAYAKA MISSION'S RESEARCH FOUNDATION  
AARUPADAI VEEDU INSTITUTE OF TECHNOLOGY  
DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING  
GUEST LECTURE ON FUNDAMENTALS OF MATLAB**

The Department of EEE organised a guest lecture program on **“Fundamentals of Matlab ”** on **3<sup>rd</sup> October 2018** in **Digital Hall -II**. Prof. L.Chitra, HoD / EEE, delivered a welcome address.

Mr.Gopi, Technical Engineer, Live Wire was the resource person. His presentation was about the fundamentals of Matlab, type of process. He gave a brief explanation about Graphical User Interface, membership functions, Digital Image Processing, the types of signal process with simulation model and results. He also discussed about Neural networks and its classifications like function fitting, Pattern recognition and clustering.About 60 students of EEE and Mechatronics attended the program. Ms.D.Saranya , Assistant Professor Gr-II , Dept of EEE, AVIT proposed the vote of thanks.
