IPRS CELL

Report on “Workshop on intellectual property rights (IPRs) and IP management for start up” -“Project to Kapila IP”

IPR Cell, Institution Innovation Council (IIC) AVIT organized a Workshop On “Workshop on intellectual property rights (IPRs) and IP management for start up” -“Project to Kapila IP under offline and it was overall coordinated by Mr Lavanya , and Ms Narmadha, II Year CSE , IPR Students coordinator .

The webinar highlighted on various aspects related to IP for start up

1. Presentation was initiated with a flow from innovation, Incubation, start up and business plan.
2. IP for startup “The protection of intellectual property should become one of the elements of business strategies”.
3. The Speaker emphasized on the essential of patent hearing which includes creation of ideas, earning recognition or financial benefits and interest of the idea /public.

IP ISSUES FOR A STARTUP

“Patents are energetic assets for a advanced startup looking for funding”

Few issues:

- Lack of general knowledge about common procedures.
- Difficult to identify the right(s) expert(s)/consultant(s)
- Solid to justify the initial large expenses resulting from IP redaction, filing etc.
- Jungle of national regulations
- No resources to proactively protect IP

Main issues:

- Limited licensing Vs transfer of property
- Costs for the startup and consequences for the future

Outcome of the workshop:

- The expert advised students and research scholars to select project/hackathon titles (such as Yukti, NIC, etc.) after verifying them on recognized websites like IP.gov, WIPO, EUROIP, etc., to avoid any mismatches.
- Feasible ideas should be filed for patents before publishing them on any media portals
- Students and research scholars were instructed to continue their project work until it is ready for commercialization in the market.
- Projects selection should be beneficial to society.
