IPR Cell, Institution Innovation Council (IIC) AVIT organized a An IPRs and Patent search An Enlightenment program under offline and it was overall coordinated by Mr Abhay Prakash II year, and Ms Premalatha , III Year, IPR Students coordinator . Firstly the event started at 10.00 AM with a warm welcome address by “Dr.Boopathy, Deputy Director, IPR Cell – AVIT followed by an excellent Speech.

He discussed about the Intellectual property rights are the rights given to persons over the creations of their minds, such as inventions, literary and artistic works, designs, and symbols, names, and images used in commerce.

Intellectual property is the product of human intellect including creativity, concepts, inventions, industrial models, trademarks, songs, literature, symbols, names, brands, etc. And discussed about the protection of IPR allows the innovator, brand owner, patent holder, and copyright holder to benefit from his/her work, labor, and investment, which does not mean monopoly of the intellect.

Such rights are set out in the International Declaration of Human Rights, which provides

for the right to benefit from the protection of the moral and physical interests resulting from the right holder's work; literal or artistic product.

Second session

Around 1:00 PM., Dr. P. S. Aravind Raj, IPR Activity Coordinator, IIC given an overview of the creative solutions and behavior-change analysis to innovation development and internal team processes. Develop a strategic innovation toolkit and learn when and how to apply design thinking and innovative problem-solving tools and exercises.

Guide teams to draw from a wide range of professional experiences and backgrounds and create stronger collaboration dynamics to heighten their approach to innovation with different examples like cricket stamp, Car design, Pen design etc.,

Third Session:

At 2.00 PM Onwards Dr. Prasath Alias Surendhar S, IPR Cell staff member discussed about the how to search an idea under various website by the follow Patent is a statutory right granted by the respective governments. It gives one the exclusive rights and bars others from making, using, selling and importing product or process, based on the patented invention without one's prior permission.

Once the application has been drafted, one needs to file the patent application with the Indian Patent Office in the prescribed format and submit it along with the requisite fees. One can also file their patent application online. For more information log on to www.ipindia.nic.in. Similarly, World Patent, US Patent and Google Patent websites usage and its benefits. In the meeting Students were interactive and the event had a Question and Answer session at the end.

At the end we organized IPR Quiz for all participants through google link

OUTCOME

After the successful completion of the Workshop,

- Staff and Scholars understood the basics of IPR
- What type of innovations can be patented
- Students were able to associate the terms of IPR with some real case studies. (Medical and engineering field)
- All participants [Students & Faculty Members] will be able to formulate good patent idea followed by patent filing and writing patent claims
- Few participants suggested to conduct more similar events in future with Case study (Patent work- project point)

We would like to sincerely thank the Management, Principal, VPs and HOD's for having given us an opportunity to organize a workshop. My heartfelt thanks to President, Vice President, and IPR Students /Faculty members, for providing constant support.

Special thanks to our respected Principal, Dr.G.Selvakumar, for his valuable guidance and support.
