

**DEPARTMENT OF MECHANICAL ENGINEERING
BOSCH AUTOMOTIVE RESEARCH LAB
LIST OF ACTIVITIES**

Sl. No.	Planned Event	Event Date	Target Participants	No students participated	Expected Outcome
1	ORGANISED A "SKILL DEVELOPMENT PROGRAM ON AUTOMOTIVE ELECTRICAL AND ELECTRONICS CHARGING	30.Aug.2019	Rural community students	8 students	Learn Technology/Knowledge
2	'ONE DAY WORKSHOP ON IC ENGINE'	11th July 2019	Avit students and Avit staffs from the various department	105- students 10- students	Gaining knowledge in the automotive topics related to their streams and to facilitate initial academic options
3	Organized ONE DAY WORKSHOP ON IC ENGINE - SAE	02th Aug 2019.	Polytechnics, students from various departments of AVIT and teaching faculties of AVIT.	20 students	Gaining knowledge in the automotive topics related to their streams and to facilitate initial academic options required for Placement/Entrepreneur
4	FIVE DAY TRAINING PROGRAM REPORT	8th & 12th of April 2019	II, III. IV Year Automobile students	33 students	Gaining knowledge in the automotive topics related to their streams and to facilitate initial academic options
5	School visit	20th Sep 2020	Rural community various school students	50 students	Learn Technology/Knowledge
6	International Skill Development Program on VEHICLE ELECTRONIC CONTROL SYSTEM.	8th to 10th April 2021	WOLLO UNIVERSITY, Kombolcha Institute of Technology (KIoT) - Ethiopia Jointly Organizes	106 students	Gaining knowledge in the automotive topics related to their streams and to facilitate initial academic options
7	"Automobile Mobility Solutions using Bosch Equipment"	27th September 2021.	III and IV year students PSB Polytechnic College.	60 students BSP Polytechnic students	(30000 Revenue) Learn Technology/Knowledge
8	Skill Development Program on "Automotive Testing Equipment in Bosch Lab"	October 2021	III. IV Year Automobile students	30 students Dos Bosco Polytechnic students	Learn Technology/Knowledge
